

Focus on Maintenance

ON AND OFFSHORE MAINTENANCE SOLUTIONS - WE'VE GOT IT COVERED

Dedicated to satisfying the varied and technically demanding requirements of the oil, gas and petrochemical markets, Leighs Paints has developed a range of specialist coatings designed to provide a total solution for both Offshore and Onshore markets.

We understand the importance of maintenance within the industry, which is why we have developed a unique array of products, designed to provide you with options.

SUPPORT & SERVICE

Our experienced technical team are on hand to offer you the support you need. Whether you require a bespoke specification, site survey or maintenance assistance, our team of technical experts offer you complete backup at all stages of your project.

Coupled with our International Business Unit, who offer free consultation or advice on any product or specification requirement; it is clear to see why Leighs Paints is its customer's first choice.

Focus on Maintenance

The Challenge	The Solution	The Product	
Deck Systems	Walkways, escape routes, helidecks or heavy duty decks, our non skid, non slip coatings and extra heavy duty screeds will provide you with the resistance you need.	M339 M153	
Pipelines	Whether pipes are sub-sea, buried or above ground, our maintenance products will provide maximum corrosion protection, insulation or fire protection.	M922 M922M	
Fire Protection structural steel, vessels, pipes or bulk heads	Leighs Paints' FIRETEX® range is the ideal choice where protection against hydrocarbon pool fire, jet fire or blast is required.	M90 M93	M89
Thermal Barrier	For protection of pipes and process vessels operating at either very low or elevated temperatures, with the added bonus of heat conservation, particularly where corrosion under insulation is a problem using traditional systems.	M89	
Vessel and Tanks lining and corrosion protection	Be it internal or external protection, our products offer exceptional abrasion and chemical resistance.	Duraglass M922	M922M
Process Equipment	For stainless steel or carbon steel process equipment we have the products you need to cover a vast temperature range.	M922M M251 M902	M905 M505
Structural Steelwork	Corrosion protection or fire protection, Leighs Paints have a full range of products.	C425V2 M922M M90 M93	C137V2 M905 M902 C750V2
